

TECHNICAL DATA SHEET

AMINE CATALYST A-1

Product Description A-1 is a High Blowing Amine Catalyst for Both Continuous and Box Foaming Process

Key Features & Benefits High Efficiency Amine Catalyst
Strong blowing catalysis
Wide Processing for blown Foam
Suitable for a various range of application

Typical Properties

Property	Unit	Value
Appearance	-	Clear Liquid
BDMAEE Content	%	70.1
Specific Gravity at 25°C	g/L	0.905
Water	%	0.25
Flash point	°C	68

Handling Precautions The usual safety precautions when handling chemicals must be observed. These include the measure described in national and local health and safety regulations, thorough ventilation of the workplace, good skin care, and wearing of protective goggles. All safety information is provided in the Safety Data Sheet.

Usable Life and Storage This product has a shelf life of 1 year from the date of production when stored at ambient temperature in the original unopened containers.
